ABOUT US:
Every 'Stache tells a different story. StacheStrong was born from brotherly love after GJ Gerner underwent his first brain cancer surgery for Glioblastoma (GBM). He was determined to have a mindset to live life to the fullest regardless of the circumstances.

GJ and his brother Colin co-founded StacheStrong, a 501(c)3 non-profit organization, to raise funds and awareness for brain cancer research. GJ courageously battled GBM for 25 months before succumbing to this aggressive disease at 30 years old. As if fighting an incurable disease wasn’t enough of a task, he was also focused on helping others in the brain cancer community; that’s the epitome of how to #LiveStacheStrong!

The #BrewStacheStrong collaboration is bringing together breweries and communities across the country in support of a disease that impacts far too many people. Just like every 'Stache tells a story, every beer tells a story. We #BrewStacheStrong to help further StacheStrong’s mission as a part of this national campaign with breweries across the country.

We are eager to work with your brewery and community in 2023 to amplify our impact on brain cancer research. Your brewery’s donations will go directly to funding brain cancer research and your involvement will give HOPE to thousands of people across the country fighting this disease; even more will be able to raise a pint in memory of their loved ones!

Our media kit includes the **can art to be used for your can labels**. We’ve included an instruction template, but each brewery will need to edit/complete 4 main areas on this file before printing:

1. **Insert your logo** on the center emblem and on the campaign detail box to show the collaboration.
2. If you wish, update the #BrewStacheStrong **banner/bordering oval around the emblem** with your brewery’s primary and secondary colors.
3. Update your #BrewStacheStrong **beer style and ABV** on the bottom of the center emblem (e.g.: IPA • 6.7%).
4. Make any necessary updates/additions to the box with Craft Brewer’s Association logo (e.g.: Brewery location, beer profile, etc.).
